## Charge Preacher Deserted Family.

Rev. H. W. Hutton was arrested in Rogersville, Genesee county last week and brought to Owosso to face a charge of desertion and non-support made by his wife on behalf of herself and three children aged 7, 8 and 12 years, who live at Perry. Hutton was released on his own recognizance and an examination set for Wednesday. He claims that he and his family moved from place to place where he was preaching until two years ago when his wife inherited a \$10,000 estate. She then refused to move and he made a living in various ways until lately he determined to preach again and went to Rogersville with the result that he was arrested. He says the family is not in need and has not been deserted.

## February Century.

The Midwinter Fiction Number is the February expression of "the new spirit of the century." This issue contains seven short stories, including "The Temple of the Countless Gods," a modern Japanese romance by John Luther Long, author of "Madam Butterfly," "The Last War in the World," a story of the future by H. G. Wells. The latter is a flight of the imagination and a vigorous protest against war.

Artistically the number is unusually rich, containing besides the many illustrations for stories and articles, an unpublished portrait of Benjamin Franklin, recently discovered and attributed to Fragonard; a Rembrandt painting engraved on wood by the master wood engraver, Timothy Cole; numerous photographs printed in tint, a Valentine fantasy reproduced in full colors from a painting by Anna Whelan Betts; a painting by George Inness entitled "Under the Greenwood." The cover design is a landscape by George Inness, Jr.

"The Mexican Menace," by W. Morgan Shuster, author of "The Strangling of Persia," and "Racial Consequences of Immigration," one of Prof. Edward A. Ross's important series, and "The Boy Who Goes Wrong," by H. Addington Bruce, are among the more serious articles. Percy Mackaye's bird masque "Sanctuary" is the leader of the poetic contributions, and ten pages are devoted to the comic section, "In Lighter Vein."

Owosso Citizens Testify for the Public Benefit

A truthful statement of an Owosso citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders, or any form of kidney ills, use a tested kidney medicine.

In other words, get on the buttermilk wagon and live long, for it is declared by each that longevity is promoted by the use of pure buttermilk.

### Retort of John Wilkes.

In the days when George III. was king, and when his periodic lapses into infirmity of mind brought about resumptions of the regency and changes of policy, there was an English lord chancellor who trimmed his sails to the doctor's bulletins. He was a politician of a type with which we are all too familiar. He heard one day that the king was better and would resume the reins of office, and he made an impassioned speech against the regency in the house of lords. In his peroration he cried, "I cannot forget all that I owe to the bounty of my gracious sovereign; and when I forget him, may my God forget me!" He was impressed with the magnificence of his own oratory, and could not refrain from repeating the last phrase to John Wilkes, whom he met in Westminster hall after the debate. "Forget you!" said Wilkes. "He'll see you damned first."—Wall Street Journal.

## FOR THE GRIP

Peruna Is Sometimes Used With Good Results

A great many people use Peruna for the grip. Some use it as soon as the grip begins, taking it during the acute stage of the disease, claiming for it great efficacy in shortening the disease, and especially in shortening the after stages.

Mrs. Jane Gift, the after stages. Many people take it after they have had the grip. Their convalescence is slow. They have suffered along for a month or two, without any signs of complete recovery. Then they resort to Peruna as a tonic, with splendid results.

Mrs. Jane Gift, R. F. D. 1, Athens, Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had a gripe very bad. The doctor came to see me every day, but I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon."

"One day I picked up the newspaper and accidentally found a testimonial of a woman who had been cured of gripe by Peruna. I told my husband I wanted to try it. He went directly to the drug store and got a bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. I continued using it until I was entirely cured."

Mr. Victor Patneade, 328 Madison St., Topeka, Kas., writes: "Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work."

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of la grippe, but Peruna soon drove it out of my system. My wife and I consider it a household remedy."

Those who object to liquid medicines can now obtain Peruna Tablets.

## WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine."

"I hope other suffering women will try your Compound. I will recommend it to all I know."—Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## STATE LIFE INSURANCE TRIED OUT IN WISCONSIN

Man Who Drafted Law Authorizing System Gets the First Policy.

The first policies in a state life insurance fund in America have just been issued by the insurance department of Wisconsin. Former Speaker Charles A. Ingram of Durand, who introduced the bill in the 1911 session to create state insurance, received the first policy.

Applications came from several states, but under the law policies may be issued only to residents of Wisconsin.

The lawmaking provision for state life insurance was enacted after the idea had been worked out by Commissioner of Insurance Ekern and a legislative committee. A study had been made of similar laws in Germany, Great Britain, Italy and Belgium.

No policy is issued for a larger amount than \$1,000. When the number of policy holders reaches 1,000 the maximum policy will be issued for \$2,000, and when the number reaches 2,000 the maximum policy will be for \$3,000, the highest amount authorized. Existing governmental machinery will be used in the administration of the law without the creation of additional offices. No paid agents will be employed.

## Chicago to Investigate the Tango.

Every movement of the dancers in cafes and theaters in Chicago where the tango is danced will be closely watched by a committee of the city council, appointed recently by Mayor Harrison to obtain suggestions for the framing of a "tango ordinance." "What is the 'tango,' and when is it immoral?" are two questions to be decided. Mayor Harrison made the appointments upon the order of the council.
